

I am writing in regard to our local K-Love radio station. I enjoy this station because it encourages me throughout my day. I feel that the community as a whole benefits from K-Love as I have heard it in many local businesses that I have frequented and, as said earlier, it has uplifted my spirit as well as other customers and business owners. Please continue to provide K-Love's FM services as I believe it is a positive influence and as a result, probably decreases crime, etc. as it's influences are spread throughout our community. Thank you for your consideration.
